A GUIDE TO THE GREEN CITY

Co-funded by
the European Union

*Bydgoszcz - a city
where rivers and
cultures meet*

Its History

Bydgoszcz is a city in northern Poland, founded in the 12th century. It became an important trade and transportation center due to its location on the Vistula and Brda rivers. In the Middle Ages, the city actively developed, and today it is known for its architectural heritage, including Gothic and Renaissance buildings, as well as a system of canals that adds unique charm to the city.

Check out:

What to See?

In Bydgoszcz, you will find many interesting architectural landmarks and natural landscapes. The city offers a variety of historical sites and museums that will help you immerse yourself in its culture and traditions.
