Title:	**ELECTRONIC PARTICIPATION AND NEW SOCIAL MOVEMENTS**
Lecture hours:	15 h
Study period: (summer/winter)	Winter / summer
Number of credits:	4 ECTS credits
Assessment methods:	Presence and active participation in classes, familiarization with the content of the readings, engagement in discussion, students presentations. Student final evaluation: knowledge test, case study presentation
Language of instruction:	English - Knowledge of English at intermediate level (B1)
Prerequisites:	none
Course content:	1. Induction meeting (schedule, timetable, assessment criteria, prerequisites). 2. The role of social networking tools influencing on citizens/netizens. 3. Citizens inclusion in the political decision-making process. 4. Determinants of the electronic participation. 5. Citizen e-participation on a local level. 6. UN E-Participation Survey: a comparative analysis. 7. Defining new (new) social movements. 8. New social movements: case studies.
Learning outcomes:	Students acquire basic knowledge about the use of ICT in the political decision-making process. They understand where and how to obtain data reporting nature and level of using electronic participation tools. They are able to properly analyze the causes and course of citizens participation in the public sphere. Students are conscious of the need to participate in the public sphere, taking into account the cultural heritage of the region, the country and Europe; they are aware of using modern technologies.
